

MANJUSRI

Welcome to my personal portfolio website.

[About](#)[Skills](#)[Interests](#)[Projects](#)[Contact](#)

About Me

I am a passionate web developer and a creative thinker with a strong foundation in HTML, CSS, and JavaScript. Currently, I am pursuing a Bachelor of Technology (B.Tech) in Computer Science and Engineering with a specialization in CSM, and I am in my final year. My strong interest in user experience design drives me to build intuitive, responsive, and user-friendly websites that combine functionality with aesthetics.

My Skills

1. HTML & CSS
2. JavaScript
3. Responsive Web Design
4. Python

Interests

1. Big Data
2. Open Source Contribution
3. Tech Blogging

Projects

Project 1: Music player app

A web-based music player application that allows users to play, pause, skip tracks, and browse a playlist. Built using HTML, CSS, and JavaScript with an intuitive UI.

[View Project](#)

Project 2: News Classification System

A machine learning-based system that classifies news articles into categories using Python and NLP techniques.
